

Emails dated 28th August and 15th September 2024

Hi Martin,

I hope all is well with you.

I contacted you at the end of February to ask for an up-to-date quote for the removal of the remaining churchyard trees going down from the tower and the laurel in the lower part of the churchyard.

I didn't hear back from you, but it was probably a busy time for you and too late in your year for this kind of work.

We do have permission from CBC to do this work and so that we can get it done at the right time of year, could you let me know what you would charge for this work and separately what you would charge for restoring the steps? Also, when you might be free to do it.

If you could come back to me within the next few weeks, I'd be grateful. Autumn and winter will sadly be upon us all too soon and I don't want to let this window go by without the work being done.

Many thanks,

Liz Allan

Hi Liz

Sorry for the delay!

Cost for the tree works will be £460 plus VAT.

I have an idea for the steps but would be nice to meet and discuss first if you are available?

Thanks

Martin
